MORE SUITS ARE FILED

Texas Brewing Company Must Defend Itself in Lawsuits.

PENALTIES HEAVY.

In Four Cases They Exceed Eighty-Nine Thousand Dollars—Mandamus to Compel Attorney General to Bring Suits.

Austin, June 11.—Five more suits for alleged violation of the anti-trust law of Texas were filed Monday, four of them being against the Texas Brewing company of Fort Worth, the penalties aggregating \$89,500. The suits are based on the grounds that the company entered into contracts with beer dealers over the state to sell its product only. The name of a beer dealer is given in each case. The suits were instituted by District Attorney Warren Moore and Attorney J. B. Lewright of Cuero.

Suit was brought against the Texas and Pacific Coal company for \$7500 penalty for an alleged unlawful agreement with the man running their saloon at Thurber.

There was also presented in the supreme court a request for filing a petition styled J. B. Lewright vs. Charles K. Bell, attorney general, to compel the latter official to institute legal proceedings against the Texas Brewing company of Fort Worth to have its charter declared forfeited for entering into a contract on March 6, 1893, with a Nevada firm, alleging to be in violation of the act of March 30, 1899, known as the anti-trust law.

Lewright, who sets up that he is an attorney residing in Cuero, Tex., also complains of and asks action against the Texas and Pacific Coal company, Fabst Brewing company and the Pasteur Vaccine company, for alleged violations of anti-trust law.

The court has the matter under advisement.

State Militia Encampment.

Austin, June 11.—The date for holding the state military encampment will probably be decided this week. It is probably that it will open July 17 and continue eight days. The state encampment grounds will be put in first-class condition and everything possible done by the local citizens' committee to make the military boys' stay here pleasant and comfortable.

Destroyer of Boll Weevils.

Austin, June 11.—The man who has charge of the farm belonging to Congressman Albert Burleson is experimenting with the raising of a parasite which he believes will exterminate the cotton boll weevil. While his experiments have not yet progressed to a point where they can be pronounced a success, the outlook is very favorable.

Girl Burns Herself.

Bastrop, Tex., June 11.—Miss Florence Reed, a young lady living near Sayers, died a horrible death Sunday by saturating her clothing with kerosene and then setting fire to them. Temporary insanity, brought on by bad health is supposed to have been the cause of the terrible deed.

Katy Improvements.

Dallas, June 11.—The Missouri, Kansas and Texas Railway has made a large appropriation for general improvement of its lines in Texas and the work will be done this summer. The plans include the reduction of grades and elimination of a good many curves over the Katy.

Only Three Counties.

Guthrie, O. T., June 11.—It has finally been decided that there shall be but three in the two reservations, the northern county to contain 52 townships, the southern 72 townships and the northwestern 34 townships. One county seat will be at the station of Kiowa, one at Anadarko, a mile east and a mile north of the Methodist mission, and the third in the north half of section 31, township 11, range 3 north, five miles south of Fort Sill military post.

Shawnee Potato Shipments.

Shawnee, O. T., June 11.—The shipments of Irish potatoes from this point for this season will aggregate 200 carloads. The yield is from 90 to 140 bushels per acre, and the farmers are realizing 60 cents a bushel. The shipments of strawberries and blackberries will yield thousands of dollars to the fruit growers of this county.

Wedding Gift of a Million.

Binghampton, N. Y., June 11.—The wedding of Miss Queenie Ferry, daughter of D. M. Ferry of Detroit, Mich., to Avery Coonley of Chicago, took place at the summer home of the bride's parents in Unadilla Center. The ceremony was performed on the lawn. Mr. Ferry is reputed to be worth \$15,000,000 and among the wedding gifts was a check for \$1,000,000.

Beaten by Robbers.

Guthrie, O. T., June 11.—Near Dewey A. O. Nickerson, a country mer-

chant, was held up and robbed by two masked men. He showed fight, and after a short battle, in which half a dozen shots were fired, and he was knocked down and beaten into insensibility and robbed of \$6 and a watch.

Drowned in a Pool.

Ardmore, I. T., June 11.—Joe Whitaker, a young man residing at Tishomingo was drowned near that place. He was standing on the bank of a pool when he fell in, being unable to swim when he was drowned.

THE KENNEDY TRIAL.

Witnesses for the Defense Give Their Testimony.

Kansas City, June 11.—The defense today opened its side of the case of Lulu Prince Kennedy on trial for the murder of Phillip H. Kennedy, her husband. The prisoner displayed more interest than at any time since the case opened, scanning each witness critically and listening eagerly to their testimony. Will Prince, the prisoner's brother, who is charged with being the principal character in the alleged conspiracy to kill Kennedy, was brought from his cell and placed on the stand. As he testified in the defense of his sister, Mrs. C. W. Prince, their mother, burst into tears, which broke forth afresh as he detailed the different chapters in the affair.

Thomas H. Ridge, the first witness, told of the scene in the Ridge building at the time of the murder. He had come upon the scene soon after the policeman arrived. Mrs. Kennedy had requested the officer to let loose his hold on her hands, and when the doctor had said Kennedy was dead she kicked the prostrate form, exclaiming: "You will never seduce another girl."

State Evidence Concluded.

Kansas City, June 11.—The state in the case of Lulu Prince Kennedy on trial for murdering her husband, has rested. The state adduced additional evidence to prove its claim that Kennedy was forced to marry Lulu Prince at the point of a revolver; that Will Prince furnished the weapon and nerved her up to committing the crime; that the Princes conspired to kill Kennedy and predicted the murder days before it occurred, and that the woman's claim that she was in a delicate condition and shot her husband in a fit of temporary insanity produced by this condition was untrue.

GUILTY OF CONSPIRING.

Two Men Convicted in the Famous Marie Defenbach Case.

Chicago, June 11.—Dr. August Unger and Wayland Brown, on trial for conspiracy to defraud insurance companies through the death of Miss Marie Defenbach, were found guilty and sentenced to the penitentiary under the indeterminate act. Frank H. Smiley, indicted with Unger and Brown, pleaded guilty and turned state's evidence. It is thought that he will escape with a light sentence.

The evidence showed that Unger, Brown, Smiley and Miss Defenbach entered into a conspiracy by which Smiley was to appear as the affianced husband of the woman. She was then to be ill and apparently die, leaving the insurance which included one policy in a stock company and two in fraternal organizations, the total aggregating \$25,000. It is said that in her will she desired her remains to be cremated and it is supposed that it was the intention to hurry her away after the supposed death and cremate another body procured from a hospital.

The woman became ill according to programme. Her body was at once cremated. An inquest was held by Assistant Coroner John B. Weekler, without a jury and Weekler returned to the coroner's office a verdict that the woman had died of natural causes. The death of the woman is shrouded in mystery and physicians on the stand differed widely as to the cause of death. The state, however, declared that the woman was murdered, although it could not be positively proven.

It was shown that all the insurance carried by the woman was assigned before her death and that her will was drawn up after these assignments had been made. The will had no effect save in the clause touching cremation and it is claimed by the state that the will was prepared only to facilitate the disposition of the body after death.

Lock of the Forbidden City.

New York, June 11.—According to a Washington dispatch the national museum at that city will soon place on exhibition the lock and key to the front gate of the Forbidden City in Peking. The lock is an iron cylinder three feet and ten inches long. Extending from the cylinder is an iron rod bent back that it might pass through the gate hasp and into the lock guide. In the lock are four tumblers. The key is of iron and is about four feet long.

The lock and key were sent through Minister Conger as a gift to the national museum by the Rev. W. L. Hobart, a Methodist missionary in China.

Plow Factories Combine.

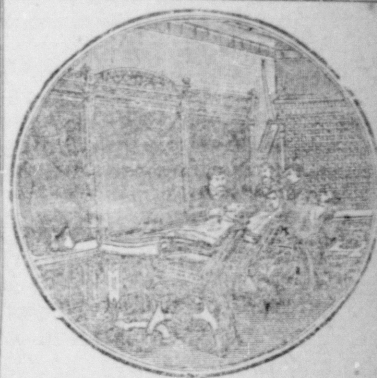

Chicago, June 11.—The plans for a combination of 21 of the largest plow

factories in the country practically were completed at a meeting held here over which Charles H. Deere of Moline presided. Ex-Judge W. A. Vincent of Chicago has the details in charge and expects to have the combination incorporated within a month with a prospective capital of \$75,000,000. It is positively denied that the prices of plows will be raised.

Absorbed by the Oil Trust.

New York, June 11.—Announcement is made that the control of the American Linseed Oil company had passed into the hands of interests identified with the Standard Oil company and the absorption of the Linseed company by the Union Lead and Oil company has been abandoned. The latter will, however, be largely interested as a stockholder in the Linseed company, under the Standard Oil management.

Philip Delureya, a saloonkeeper, was probably fatally shot at Vincennes, Ind., by Joe Bonhomme in a quarrel in the former's place of business.

A. & M. Alumni.

At the business meeting of the Alumni association held Monday evening the following officers were elected: President, P. S. Tilson; first vice president, Frank Lewis; second, Charles Rogan; third, R. L. Barclay; fourth, L. D. Amsler; secretary and treasurer, W. C. Martin; member executive committee, W. Wiprecht; to deliver alumni address in June, 1902, F. M. Law, Jr.

A committee consisting of J. H. Freeman, A. L. Banks and H. P. Jordan was appointed to raise a fund to erect a building on the college campus to be used as a home for the association.

L. L. Foster, E. B. Cushing, W. B. Philpott and W. Wiprecht were appointed a committee to provide ways and means for a 50,000 volume library at the college.

Best Drilled Men.

The winners of the company medals in the competition drills at college Monday were as follows: Company A. J. R. Eidson of Hamilton, Texas. Company B. M. Carlton of Quintana, Texas. Company C. W. P. Roscoe of Coleman, Texas. Company D. John O'Donnell of Marshall, Texas.

To the Public.

We having made satisfactory arrangements with Mr. T. P. Boyett, your former ice dealer, he will on and after June 10th, 1901, retire from all city delivery. Our wagons will hereafter deliver ice to his regular customers, and we pledge ourselves to give you your money's worth, and prompt and polite attention. We are, respectfully,

Bryan Ice, Storage and Coal Co.

I have made satisfactory arrangements with the Bryan Ice, Storage and Coal Co. and will on and after June 10th, 1901, retire from the city delivery of ice. My tickets will be redeemed by the new company. Thanking my patrons for many past favors, I am, respectfully,

T. P. Boyett.

NINETEEN GRADUATES

Received Their Diplomas Yesterday—The Exercises—Drills and Final Ball.

Chief interest in the commencement exercises always centers in commencement day proper, and for this reason yesterday was the day of all days, especially to the members of the graduating class and their friends. The young men had sheepskins and flowers and approving smiles and oratory and music to buy them up, to say nothing of hope and ambition, the one beckoning and the other urging them on.

Visitors thronged the grounds from early morning and by 10 o'clock the assembly hall was full to overflowing. The exercises opened with prayer by Rev. Smith of Weatherford and were interspersed throughout with music. The reading of thesis by the first honor graduate, T. L. Fountain of Bryan, was followed by the valedictory address, delivered by H. E. Elrod of Columbus. The response was by Cadet M. M. Carpenter of Sour Lake. Hon. W. A. Shaw of Dallas delivered the commencement address, and was followed by the announcement of those distinguished in the several classes and departments.

The degrees were formally conferred by the presentation of diplomas to the members of the graduating class by Capt. F. A. Reichardt, vice-president of the board of directors, amid rounds of applause. The graduates and their places of residence are as follows: W. T. Garbade, Witting; J. J. Hooper, Houston; S. F. McCann, Ira O. Wyse, T. L. Fountain, S. J. Fountain, Bryan; R. J. Rhome, Fort Worth; R. M. Brown, Austin; T. M. Smith, Columbia; E. B. Fehrenkamp, Frelsburg; M. L. Klein-smith, Luling; J. H. Simpson, Columbus; C. A. Thanheiser, Fayetteville; R. Eberspacher, Angleton; R. E. Coulter, Texarkana. H. E. Elrod, Columbus; W. M. Rust, Jr., Seguin; R. W. Yarborough, Greening, La.; M. F. Thomas, Clay.

The ever pleasing military features, a drill by the white uniformed Foster guards, battalion drill and graduation dress parade occupied the afternoon.

At night the first A. and M. commencement of the new century floated out upon the bosom of music to the measure of dancing feet—faded with the dimming lights, and to the young men became a memory tinted with peach blow cheeks, braided with tresses dark or gold, and jeweled with sparkling eyes.

To Cure Malaria in Four Days.

Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

State Superintendent J. S. Kendall who is president-elect of the new Denton Normal, was among the visitors to College.

H. C. Kyle formerly of this city and a graduate of the A. and M., has been enjoying the three days of commencement.

Prof. C. W. Martin of the chemistry department of the college received the degree M. Sc. yesterday.

Misses Rhodes of Navasota have been visiting Miss Carrie Henderson during commencement.

Straw Hats in all styles and at all prices from 50 cents to \$3.00 each at Parks & Waldrop's.

Misses Lucy and Jessie Johnson will teach a summer school, beginning June 17th.

Potato Bug Poison—25 cents per package McDougald's Drug Store.

The Ladies of the Christian church will give an ice cream supper Thursday night at the residence of Mrs. B. F. Leman. Everybody invited to attend.

Man and Woman Suicides.

Chicago, June 11.—Side by side, each with a bullet in the temple, the dead bodies of L. Hartman and his wife were found in their bed at the Great Northern hotel Monday evening. The room showed no evidence of a struggle, both lifeless forms were composed, the covering of the bed well tucked about them but the revolver clutched in the right hand of the husband, told the story of the double tragedy. She is supposed to have been an actress and he the son of a wealthy New Yorker who objected to their marriage.

Sentence Commuted.

Little Rock, June 11.—Governor Davis has commuted the death sentence of J. C. Butler of Benton county to life imprisonment. Butler was convicted and sentenced to be hanged for the murder of his daughter, Miss Osie Butler, May 12, 1899. The evidence was circumstantial. Miss Julia Butler, another daughter of the accused, appeared before the governor and made a pathetic plea that her father's life be spared. The case is one of the most noted in Arkansas criminal annals.

NO THIRD TERM.

President McKinley Says He Would Not Accept If Tendered Him.

Washington, June 11.—The following signed statement has been given out at the White House by President McKinley:

"I regret that the suggestion of a third term had been made. I doubt whether I am called upon to give notice. But there are now questions of the gravest importance before the administration and the country and their just consideration should not be prejudiced in the public mind by even a reiteration of the suggestion of it. I will say now, once for all, expressing a long settled conviction, that I not only am not and will not be a candidate for a third term, but would not accept the nomination for it, if it were tendered me. My only ambition is to serve through my second term to the acceptance of my countrymen, whose generous confidence I so deeply appreciate, and then with them do my duty in the ranks of private citizenship."

Henderson on Third Term.

New York, June 11.—Hon. D. B. Henderson, speaker of the house of representatives, is quoted by the Paris correspondent of The Journal on third presidential term as follows:

"Regarding the third term I will say first I am opposed to it as a rule. Secondly, there may arise conditions demanding it and therefore the hands of the country should not be tied up. Thirdly, as to President McKinley, the time has not arrived for discussing a third term. Continuity in office might dull minds of people and prevent them from perceiving the difference between election and life tenure. The people invariably rectify our tendency to error."

NEW STEAMSHIP LINE.

One to Be Opened Between San Francisco and Vladivostock.

New York, June 11.—A dispatch to The World from St. Petersburg gives additional information regarding the attempts of Senator Beveridge to secure from the Russian foreign ministry concessions for steamship service between Vladivostock or Port Arthur and some port on the Pacific coast of the United States and the plans of the Russians in this connection.

He found the Russian government already prepared to open up this route by starting a line of steamers between Vladivostock and San Francisco for carrying the trans-Pacific mail in connection with the Trans-Siberian railway, which will be completed by the end of this year, it is thought. The two steamers, the Manchuria and the Magnolia, each 345 feet long, 5000 tons burden, 4705 horse power and 16 knots speed, are building at Trieste, Austria, for the East China Railway company, which already has a fleet of 28 steamers for the Yellow sea traffic.

The Manchuria has already been launched and will be delivered to the Russian commissioners in July. The Mongolia will be finished in the autumn. The opening of the new service has been fixed for December. The passage between Vladivostock and San Francisco is expected to occupy 12 days. The Trieste Shipbuilding company has just signed a further contract with the commissioners of the Russian government for the construction of two other steamers of 6000 tons and 400 feet long for the same service.

NEW ORLEANS TO COREA.

Sent There to Protect Americans Should Fresh Trouble Break Out.

New York, June 11.—Owing to fear of fresh trouble in Corea for Americans, a Herald special from Washington says the protected cruiser New Orleans has been sent to look after the interests of citizens of the United States in the Hermit Kingdom. This action was taken in consequence of information sent by Horace N. Allen, minister resident at Seoul. A cable message has just been received at the navy department from Captain C. S. Sperry, commanding the northern squadron, announcing his departure from Che Foo for Chemulpo. The visit of the New Orleans to Korean waters will be the first for many months.

Mr. Allen recently notified the state department that American interests would be endangered if McLeavy Brown, the financial expert of the Korean customs, was removed and he protested against his removal. Justice Brown is still in office.

There are large American gold mining interests in Corea, the mines being owned chiefly by T. Sloat Fassett of New York.

Southern Industrial Association.

Philadelphia, June 11.—The annual convention of the Southern Industrial association formally opened in the Horticultural hall here and will continue in session until Friday. Office buildings and business houses in the center of the city are gay with bunting and flags. The Southern Industrial association is composed of numerous commercial bodies and is regarded as one of the most important organizations in the United States.

Freight Agents at Denver.

Denver, June 11.—The annual convention of the National Association of Local Freight Agents opened here at the Broadway theater and will continue in session until Thursday evening. About 500 delegates are present.

Woman Killed.

South McAlester, June 11.—A widow named Mrs. M. Brown was run over and instantly killed by a Choctaw train at Booneville.

BURT NORWOOD.

Gen. H. B. Stoddard requests the Eagle to express his thanks for the very prompt and efficient manner in which the Bryan fire department extinguished the flames and saved his building on the occasion of the recent fire. Gen. Stoddard says their work was remarkable, considering the progress the flames had made, and hardly surpassed in the annals of the state.

The Central Texas Board of Pharmacy met yesterday in this city. Present, M. H. James of Bryan, registrar; Dr. M. C. Sapp of Cameron, E. J. Jenkins and J. A. McQueen of Bryan. The session was held in the reception room of the K. of P. hall, and six applicants were examined yesterday.

Inez Reynolds, the little 1-year-old daughter of Mr. and Mrs. Sid Reynolds of Bastrop, died June 11, 1901, at the home of Mrs. Reynolds's mother, Mrs. J. W. Martin. The remains were taken to Bastrop for interment. Mr. and Mrs. Reynolds have the deep sympathy of many friends.

For Sale Cheap 2 young Jersey heifers with calves and one Jersey cow with young calf. Apply to Clarence Pearson, Bryan. dtf

Gen. H. B. Stoddard says regarding the Beaumont oil field that very few people have made any money except those who originally sold the land. Those who have been trading in lands and stocks have in most instances realized their original investments, but their profits are in most cases involved in new adventures and not available at present. It is impossible to foresee what the developments of the future may be. Many have made fortunes that are in abeyance, so to speak, and depend upon the course of events.

Your local coupon ticket agent has been supplied with illustrated and descriptive literature showing the beauties of scenery and resorts of Colorado and the Rocky Mountains. These books are free for the asking, and "The Denver Road" will be glad to give added assistance by correspondence in your choice of a place to spend your vacation. 72

James, the leading druggist, Bryan, Texas.

Notice to the Public.

There seems to be a prevailing idea among a few that since other ice dealers have quit delivering, we intend to raise the price of ice. We wish to put all minds at rest by saying that we will not raise the price and when we get our new wagons and scoops, we propose giving better and prompter service. Give us a chance. Thanking the public for their liberal patronage we are respt. 62tf Bryan Ice, Storage & Coal Co.

ENTOMBED IN A MINE

Estimates Vary as to the Number of Men Caught.

WILL REACH THIRTY

There Is No Hope of Rescuing the Men Alive as the Mine Is on Fire—Gas Explosion Was Cause of the Accident.

Port Royal, Pa., June 11.—By the explosion of gas in shaft No. 2, of the Pittsburgh Coal and Coke company's mine late Monday night, 12 men are supposed to have been killed and 30 miners entombed. Smoke rose from the mouth of the shaft in volumes during the night. Great excitement prevailed and the entire population of the town remained all night at the mine eagerly awaiting some news from those thought to be either buried under tons of slate or slowly awaiting either death from flames or relief from the outside, with small chance favoring the former. All rescuing parties say black damp makes the work impossible and they give up hope of finding any of the missing alive.

The explosion occurred at a time when the shifts were changing from day and night and it is impossible to tell how many men were in the mine at the time, but certainly not less than 30 are entombed. Port Royal mines are located in a thick vein coal belt and are for that reason extremely gaseous and dangerous. State mining officials have made their management the object of repeated censure.

Seven years ago there was another disastrous explosion at Port Royal and the mine caught fire. It was necessary to fill it with water finally to quench the flames. To do this a hole was drilled in the bed of the river. This is now only closed with a plug, which was arranged for such an emergency as the present and to drown out the fire all that is necessary is to take out the plug and the waters of the Youghioughny will rush in. This, of course, cannot be resorted to until all the men in the mine have been recovered or known to be beyond rescue.

About 7 o'clock this morning William McCune of West Newton, general superintendent of this district, Dennis Wortley a pit boss of the mine, and several other pit bosses with about 20 men went down in shaft No. 1 and they are probably lost, as about three hours after the rescue party had been in the mine two more explosions were heard.

Tornado in Minnesota.

Adrian, June 11.—About 1 o'clock this morning a tornado struck this town and swept a clear strip half a mile wide. A number of houses were badly damaged. No fatalities are reported. Telephone and electric light wires are scattered over the streets and hundreds of fine shade trees prostrated. The damage will aggregate many thousands.

Dallas Street Railway Sold.

Dallas, June 11.—The Dallas Consolidated Electric Street Railway company has been sold to Pierre S. Dupont of Lorraine, O. G. Van Ginkel and associates realized 60 per cent on their stock. I. M. Earle and P. H. Bosquet retain their interest. Dupont gets control at midnight tonight. Consideration is something like \$1,000,000.

Commissions Signed.

Washington, June 11.—The president has signed the commission of Gideon C. D. Bantz to be assistant United States treasurer and of John H. Roys and Daniel W. Wurtzbaugh to be lieutenants of the junior grade in the United States navy.

Died After an Operation.

New York, June 11.—Alfred De Forrest Keep, vice president of New Jersey Dry Dock and Transportation company, is dead at the Elizabeth General hospital from peritonitis following an operation performed for appendicitis.

Stairway Gave Way.

Chicago, June 11.—While sitting on a stairway at 33 Concord street Monday night, trying to cool off after the severe heat of the day, three women were injured severely by the collapse of the stairs. Two of the victims may die.

WILL NOT GUARANTEE.

United States Will Not Join Powers to Vouching for Chinese Indemnity.

Washington, June 11.—The government has formally communicated to the foreign powers the impossibility of joining in a joint guarantee of the payment of the Chinese indemnity. The difficulties in the way of such an arrangement are set forth in the communication particularly those relating to the constitutional restrictions on the president in making a joint guarantee of this character.

In view of the determination of the United States not to be party to a joint guarantee, there is anxiety shown in diplomatic circles as to the outcome on the question of indemnities. One view is that the majority of the powers being favorable to a joint guarantee will execute this joint instrument and thereafter carry on a concert of their own. In that event, it is said, the United States would arrange directly with China as to the American portion of the indemnity. The representatives of most of the European powers do not believe that resort to The Hague tribunal as proposed by the United States will be acceptable to their governments.

JUDICIAL REBUKE.

Denver Judge Scores "Reformers" Who Visited His Court in a Body.

Denver, June 11.—Judge Peter L. Palmer addressed a severe judicial rebuke to more than 100 "reformers" who appeared in his court Monday as they had previously announced through the newspapers they would do, to protest against the granting of injunctions against the city and fire and police boards in the cases of a restaurant claiming the right to serve drinks on Sunday with meals and a saloonkeeper who held that under the law he was entitled to sell liquor to whomsoever he pleased.

The judge closed his remarks by declaring that he intended to make judicial inquiry into the question of whether or not certain clergymen of Denver who denounced him in their pulpits Sunday were in contempt of court, and that if he satisfied himself that they were he would immediately take their cases up and give them the full punishment under the law.

Sues Union Men.

Oklahoma City, O. T., June 11.—In the district court here was filed a suit for damages in the sum of \$1000 by Parsons & Wright, painting contractors, against individual members of the painters' local union, and attachments were issued by the court for property of the defendants. The plaintiffs allege that they have suffered damages in this amount by certain publications in the form of handbills that were circulated by the union that termed the firm "scabs" and indirectly ordered a boycott on their business. This is the first case of the kind ever filed in the Territory.

Y. M. C. A. Jubilee Convention.

Boston, June 11.—Steaming into Boston from nearly every quarter of the globe have come delegates to the semi-annual centennial and international jubilee convention of the Young Men's Christian Association of North America. Practically every civilized country in the world was represented this morning when the convention was called to order. It is confidentially expected that there will be nearly 5000 delegates from the different associations in attendance during the session. The first of the delegates to arrive were those from the most distant climes.

West Point Cadets.

West Point, N. Y., June 11.—Of the 59 military candidates who reported for entrance examination last week into the academy only 22 passed. Among the successful ones are V. S. Albright of Tennessee, L. S. Arnold of Arkansas, H. H. Broadhurst of North Carolina, J. S. Dusenbury of South Carolina, W. O. Kelley of Kentucky, W. W. Price of Texas, W. E. Prigden of North Carolina, B. F. Scott of West Virginia and R. A. Seager of Indiana. The 22, together with 105 others who passed and who took the oath of allegiance, were admitted into the military academy.

Vinita, I. T., June 11.—Reuben McEnery was killed on his farm near Marble. Tom Reeves and his son are in jail. Reeves was a tenant of McEnery's.

Still Improving.

Washington, June 11.—Dr. Rixey reports Mrs. McKinley still improving.

Monroe Edge,
LAND AND RENTAL AGENT

Devotes his time exclusively to buying and selling land. If you have mineral land, such as Coal, Oil, Gravel, Etc. come to see me. If you wish to invest in mineral lands, I HAVE IT.
